DETAILED ACTION

1. Applicant's Amendment filed on February 28, 2007 in response to Examiner's Final Office Action has been reviewed. Claims 1-31, 34 and 36-56 have been canceled, and claims 57-63 have been added.

Drawings

2. The drawings were received on February 28, 2006. These drawings are accepted.

Allowable Subject Matter

3. Claims 32, 33, 35 and 57-63 are allowed over the prior art of record.

The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record fails to teach or suggest individually or in combination receiving an accumulation of modifications to the files performing work on the first computer, recording a file identification responsive to each modification to a file of said selected file type into a work monitor log, identifying on said second computer a corresponding file identification representative of said recorded file identification, and without user intervention, automatically transferring and replacing said modified file to said second computer as set forth in independent claim 32.

Claims 33, 35 and 57-63 further limiting to claim 32 respectively are also allowed.
